Broadcast Services

STAGES
TRES CANTOS

More than 200 productions in the last few years have made us one of the technical services companies that generates more **CONFIDENCE** in the sector.

At Drago Broadcast Services we offer all the necessary technical services to cover any needs of our clients.

We have the most advanced equipment and the best professionals to cover film, advertising, entertainment and event productions.

In addition, we manage two of Madrid Content City's stages in Tres Cantos, where our offices and post-production centre are also located.

Avenida de España 4, 28760 Tres Cantos, Madrid

Located in Tres Cantos, at exit 25th of the M-607, they are very well connected to Madrid and other parts of the region through the M-607, M-40 and soon with the closing of the M-50, as well as the C-4 commuter rail line, which will soon have a stop very close to the stages.
